PROJECT OWNER: Metro Trains Melbourne

APPLICATOR: McElligott Partners

Melbourne's iconic Flinders Street viaduct was initially constructed in 1889. It is one of the oldest and busiest railway bridge in Melbourne, made up of six tracks of varying ages.

In 2019, major railway works were conducted to maintain the steel structures to extend the service life of the railway. Coatings contractor McElligott Partners selected Wattyl as the ideal coatings solution for this project.

Wattyl Protective Coatings - Your Trusted Partner in Coatings
